Welcoming words of the mayor

As mayor, it is my great pleasure to welcome the European Show Contest 2025 to our beautiful city of Gmunden. This extraordinary competition, which celebrates the art of rope skipping in all its facets, not only showcases outstanding athletic achievements but also promotes togetherness and intercultural exchange among the teams from various countries.

The impressive creativity and discipline required in rope skipping are reflected in the performances of the athletes and make this competition an unforgettable experience for everyone involved. It is truly a joy to witness the passion and dedication of the participants up close.

I would like to take this opportunity to thank the organizers, the jury members, and all the volunteers who make this event possible. My thanks also go to the athletes, who contribute to this spectacular event with their talent and team spirit.

I wish all participants great success, fair play, and plenty of fun. May this contest not only be a competition but also an opportunity for exchange and for promoting the sport in an international context.

With best wishes for a successful competition and unforgettable moments in Gmunden,

Your Mayor,

Stefan Krapf

Welcoming words of the ERSO president

Dear athletes, coaches, judges,

Dear Rope Skipping / Jump Rope Enthusiasts,

As always, it is an honour for me to welcome so many athletes to this special competition weekend so early in the new season. In my opinion, it is precisely the uniqueness that gives the European Show & Wheel Contest its charm.

Here we see athletes who already stood on the Show Contest stage at the very first edition of this format back in 2014.

We see athletes who have made the creation and presentation of shows their mission.

And we see athletes who demonstrate that our sport has no age limits.

All of this is what makes the European Show Contest and the European Wheel Contest so special.

A big thank you goes to the athletes, coaches and judges for practicing, competing and judging in this year's European Show Contest. I would also like to thank the parents that support their kids and make it possible for them to perform on this stage this weekend.

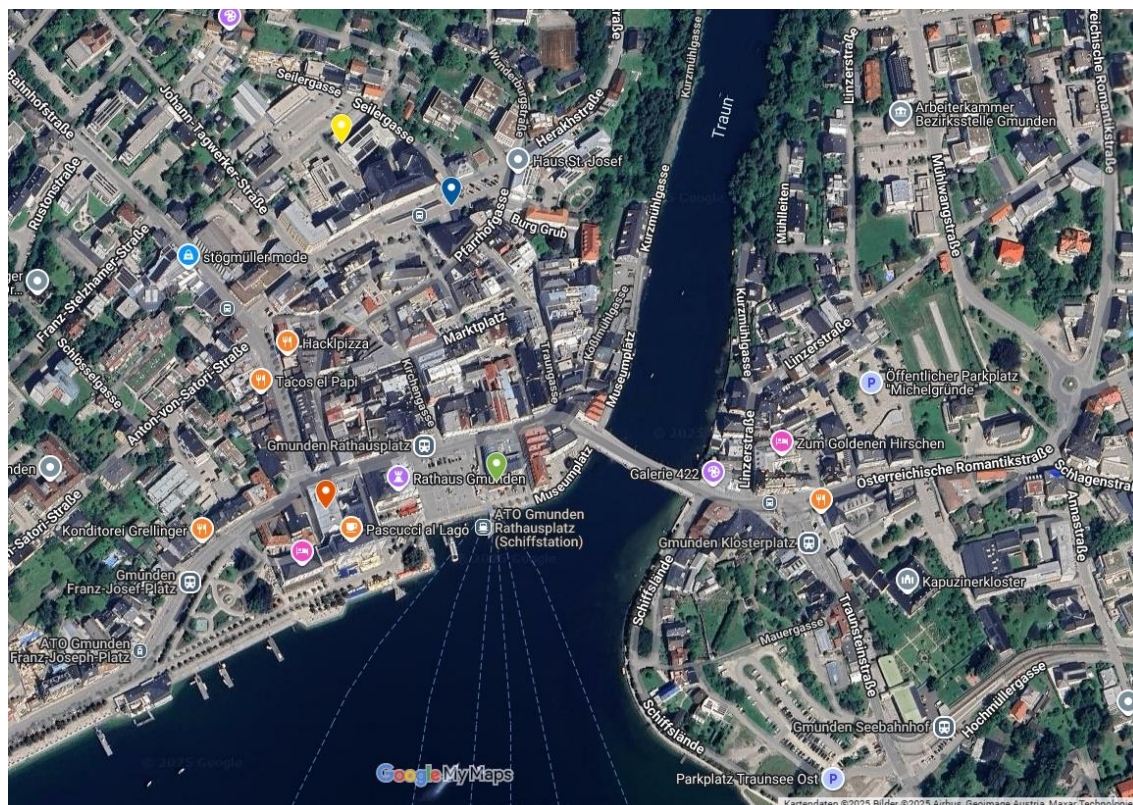

Let us look forward to two wonderful days of competition in a beautiful setting between mountains and lakes—inside a theatre that first opened its doors 150 years ago.

Silke Fürnschuß

President ERSO

In Detail

Bus transfer

On Friday, some of you will be picked up at the airport in Salzburg.

Please look for this guy. Christian is your taxi driver.

The airport in Salzburg is quite small. But in case you don't find him, you can call +43 664 85 83 831.

On Sunday, the bus from Gmunden to the airport leaves at 16:00 from the Kirchenplatz. The location is added to the [map](#). Don't worry! The drive to the airport is around one hour. And due to the size of the airport in Salzburg, you will have sufficient time before your flight.

Parking

If you are coming by car and you don't have parking at your hotel/apartment, you have several possibilities to park your car in Gmunden. But in general: all parking spots in the city center or close to the lake are with a fee from 9:00 to 17:00, every day, with an approx. max. fee of 8 €/day. Please make sure to look at the signs what the max. parking time is.

For audience, we suggest the parking "Seilergasse" or "Michlgründe". See [map](#). The parking garage close to the theatre is nice in winter, but very narrow for today's cars.

Public transport

Here is a link to a journey planner: [Journey planner - OÖEVB](#)

Note: on Saturday, the Traunsee-Tramway and the busses 511, 512 and 513 are free of charge.

Registration and ID-Check

This is the first time in an ERSO event, that everyone had to book their own accommodation and could choose, if they wanted to buy some of the offered meal options.

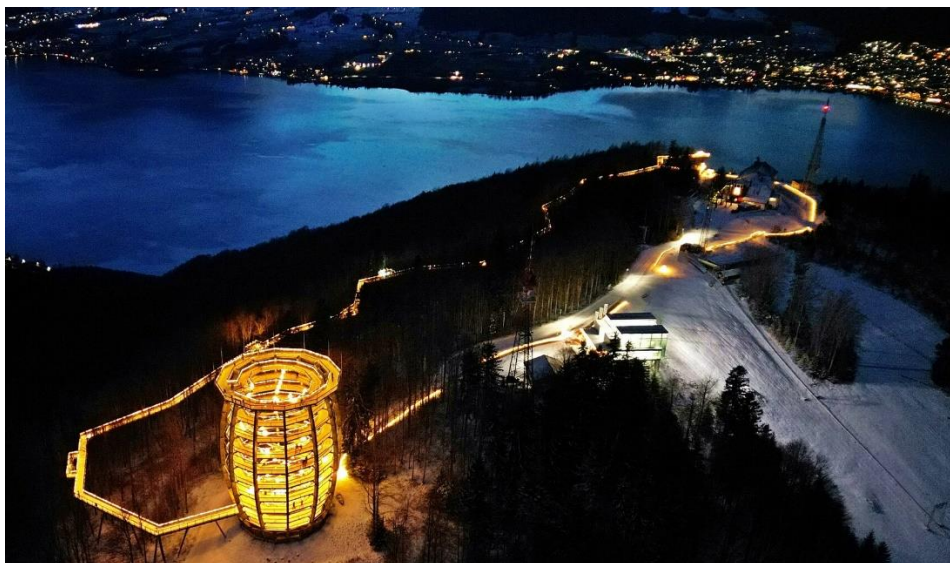

Therefore, we do not have one common meeting point or time for the registration and for doing the ID-check of the athletes.

Here is a list of places and times where you will get your welcome package and where you can do your ID-check. Note: ID-check is only required for the athletes!

	Friday	Saturday	Sunday
Registration	- Participants with pickup will get it upon arrival	- Can be picked up per team after the coaches meeting in the theatre - Judges will get it at the judges meeting in the Hotel Schwan	- Before the start of the Wheel contest in the theatre
ID-Check		- Before/After the stage practice in the theatre	- Before the start of the Wheel contest in the theatre

Didn't you find a possibility to pick up your welcome bag? Let us know!

“Magic lights” at the Grünberg

The tickets for those who have booked the “magic lights” are deposited at the cashier desk of the cable car valley station (see [map](#)). Just mention that you are from the European Show Contest, from which country you are and how many tickets you need.

Calculate around 35 minutes for the 2,5 km of the treetop walkway with the magic lights, depending on how often and how long you are stopping to take pictures.

Bring warm shoes and clothes to enjoy the magic lights at each weather. At the moment, the weather forecast predicts perfect weather for Friday evening 😊 0°C but mostly cloudless.

Meals

Thank you for having chosen your meals already in advance.

On Friday, at the Grünbergalm, the dinner is served. The waiters will ask you for your choice and serve accordingly. Don't miss the last ride back with the cable car at 20:30!

Lunch and Dinner on Saturday as well as Lunch on Sunday will be in buffet style. This means that you can also try a bit of the other things, but it is highly appreciated to stick with what you have chosen. 😊

Christmas market

The Christmas market in Gmunden is open on all three days. Friday until 20:00, Saturday from 10:00 to 20:00 and Sunday as of 11:00.

Maybe of interest for supporters: On Saturday and Sunday, there are “christmassy” guided tours at 10:30. Meeting point: in front of the city hall (Rathaus).

Here are the locations throughout the city:

* Since Team members from team SUI 1 have to attend the AGM 9:00, the floor practice times from SUI1 and HUN1 are interchanged and not in competition order.

The warmup-gym is open from 9:00 to 11:30 and from 15:00 to 17:30. The entrance is directly where the yellow pin on the [map](#) is located.

Important note: The door of the warmup gym must be locked all the time. There is a bell you have to ring to get in. To all athletes/coaches who are in the gym: if you hear the bell, please be so kind to open the door for the others.

Another important note: there is no sound system provided in the gym! Please bring your own speaker if you need it.

Meet the participants of the Show Contest

1. Subway Skipper (GER1)

Theresa Blum, Johanna Marie Feil, Jule Fischer, Maja Haubenhöfer, Adelina Krieger, Jule Strubel:

What if the video game Subway Surfers jumped off the screen? Meet the Subway Skipper — six girls from Mannheim, four of them wanted by the police.

Trains rush by, ropes swing, and the chase is on!

2. Jumping doctors (BEL3)

Today, a special treatment is scheduled for you.
Rest assured: you will not endure any pain.

You may notice some normal reactions, such as
an increased heart rate, faster breathing, or
tingling in the hands. This is perfectly normal,
simply allow these sensations and do not resist
them.

Our specialists are ready to guide you.

Thank you for trusting our hospital.
We wish you a pleasant treatment!

3. Super stars (HUN2)

This is our first international show contest and we are really excited

This is also one of our favourite events, because it combines traditional jump rope and show elements.

4. We're jumping in to magic (BEL2)

Welcome to 'We're jumping into magic'!

Today, our skippers aren't just waving their ropes, but also a little magic (and a whole lot of enthusiasm).

Expect jumps out of a hat, enchanting tricks, and outfits that shine almost as brightly as our skippers themselves.

They are ready to blow you away with their moves and their magic.

Ready to be enchanted? We certainly are!

5. Golden Coast Jumper (GER2)

Ronja Block, Nadira El Ghouli,
Leefke Gaßner, Leonie
Götze, Julina Maartje
Mössinger:

We are the Golden Coast
Jumpers from Leer, taking
part in the Showcontest for
the very first time.

After five years of training
together, our coach Leonie
now joins the team on stage.

We are excited to take part in
this event!

6. Just Jump (SUI1)

We are a show team from Switzerland.

As a team we have 128 years of Rope Skipping experience.

This is our first time participating in the European Show Contest.

7. Romeo and Juliet (BEL4)

This demo isn't a traditional performance, but a show full of music, romance, and drama.

Our skippers will take you on a journey through the story of Romeo and Juliet, where every jump opens a new chapter.

With passion, fun, and determination, we've built this performance together — and we hope you enjoy it as much as we did creating it.

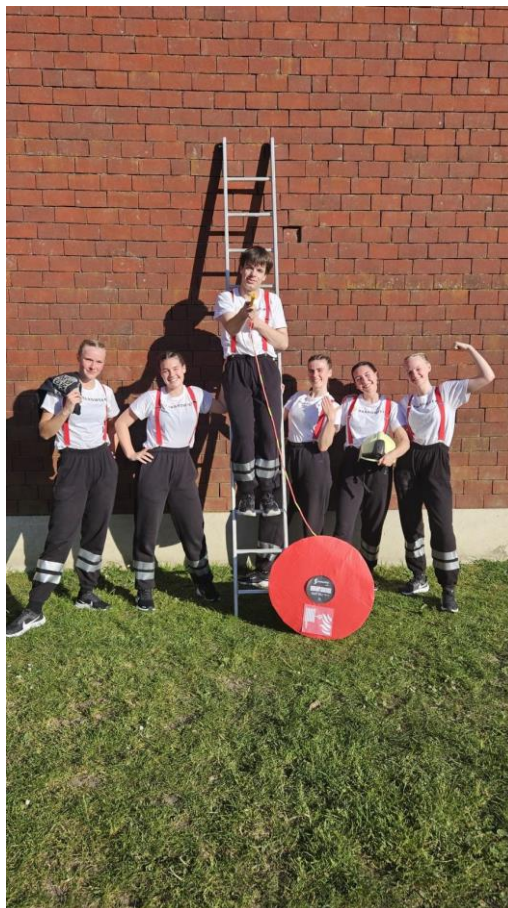

Get ready — Romeo and Juliet are about to bring their story to life like never before!

8. Belgium On Fire (BEL5)

All skippers performing on the stage today are good at one thing: setting the stage on fire!

Luckily, the next team will be ready to take out the fire. Rest assured, you are in safe hands with our fireman Mattis and his 5 tough fire women: Lene, Nell, Nette, Elise and Jitske.

They are a team that works closely together and would go through fire for each other!

Please enjoy Belgium On Fire!

9. Next Level (NED1)

Hi, we're Next Level, and we've been jumping together since we started rope skipping as little girls. Our team name came about when we participated in Holland's Got Talent.

We've jumped in many competitions and shows, and for some of us, this is already our sixth show contest!

Our highlight was winning the show contest two years ago in our home country. It's unfortunately rare to jump in front of a home crowd, so that was a fantastic experience.

This year, we've chosen a familiar story that we're sure everyone will understand. Sit back, relax, and enjoy our show!

10. Rope'n'Rollers (AUT2)

The Rope'n'Rollers was formed in 2016 as a four-person group consisting of current and former athletes, a coach, and rope skipping enthusiasts.

This formation also took us to the 2017 World Jump Rope Championships in Orlando, Florida, USA, our very first international appearance.

In 2018, the Rope'n'Rollers found a home at the "UNION Gänserndorf" club, along with 11 other young athletes aged from 11 to 16 years.

If they are not jumping most of our boys love to play video games, but there aren't any featuring rope skipping.

So we decided to host one here on stage.

11. Mixed Up (BEL1)

Team Mixed Up is made up of six energetic girls full of team spirit and excitement!

We love fun team buildings and new adventures, always finding ways to grow stronger together.

With big smiles and endless energy, we're ready to jump, shine, and have the time of our lives! Let's mix it up!

12. CLT (HUN1)

We are the CLT – Crazy Little Turmix.

Our name takes after Hungary's legendary Team Turmix — and you can probably guess the rest!

With our team, good vibes and great energy never fade away.

Join us as we fly back to the vibrant 1980s, spinning and shining to the timeless rhythm of Grease!

13. Happy Skippers (AUT1)

The team of the Happy Skippers is practicing together since a few months only.

As a sixth member was missing, Nina, who also participated in the first edition of the Show Contest 2014 in Graz, agreed on getting on stage again.

Finally complete, the Happy Skippers are going to present a show related to the Eurovision Song Contest.

Today, the European rope skippers found their way to Gmunden to show what they are capable of.

Next May, the European singers will go to Vienna to perform the best way they can.

Follow us and JJ's paperboat on a journey through the playlist of the ESC2025.

Meet the participants of the Wheel Contest

Austria Twisted Energy (AUT1)

Julia Schöffberger & Scarlett Gindl

We've decided, we're ready for our next adventure together. Having known each other since first grade, jumping together for about 13 years now, and being friends for over a decade, this is the first time for us both to take part in a wheel competition. With humour and creativity, we created this routine and aim to show what we can do.

Denmark The Ladies (DEN1)

Rikke Francis & Karina Helbo

We are each other's best friends.

Training Season is over.

We are ready for a big battle.

Denmark Danish Divas (DEN2)

Pernille Kennedy & Maria Børresen

Two Danish divas discovered the joy of jump rope in their 40s and never looked back - because who says playtime has an age limit?

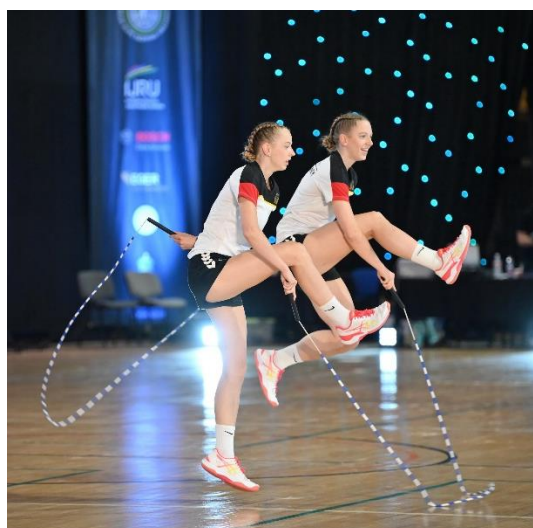

Like the song says, "I don't care, I love it!" They jump, laugh, and prove that fun has no expiration date.

Germany Twirly Twins (GER1)

Leandra & Melina Krause

Melina and Leandra, known as the Twirly Twins, form a dynamic Wheel Team from Germany in rope skipping.

As twins who have done everything together since childhood, their perfect synchronization shines in every routine. Their energy, precision, and twin connection make them an unstoppable duo on the ropes.

Germany Die Springhäschen (GER2)

Robin Krauß & Moritz Kumpf

We are Moritz and Robin and have been active in the wheel discipline for over four years. During this time, we have achieved numerous successes - we are reigning European champions, winners of the European Wheel

Contest 2023, and have reached the finals of the World Championships in the wheel event twice.

Fun fact: We have “Springhäschen” team shirts, with each team member having their own number.

Germany TSG Seckenheim (GER3)

Adelina Krieger & Jule Strubel

We are Adelina and Jule from Germany and it's our second time competing at the ERSO Wheel Contest.

We go together through success and failures and, no matter the circumstances, support each other to achieve our goals!

Germany Dizzy Duo (GER4)

Lea Friedrich & Tabea Paul

Lea and Tabea have been best friends since elementary school and started rope skipping together 13 years ago. When their team training was severely affected in 2020 due to the COVID-19 lockdown, they took advantage of that time to try out the Wheel Pair event and soon

began preparing for their first Wheel competition.

Two years later, Tabea and Lea had their first international appearance at the European Open Tournament in

Bratislava, Slovakia, where they achieved second place.

Their greatest success so far was in 2023, when they became German National Champions in age category 16-18 years and won the International Open Tournament in Colorado, USA.

Germany TGO (GER5)

Semih Göktepe & Pia Wöhner

Semih & Pia – Two generations, one rhythm!

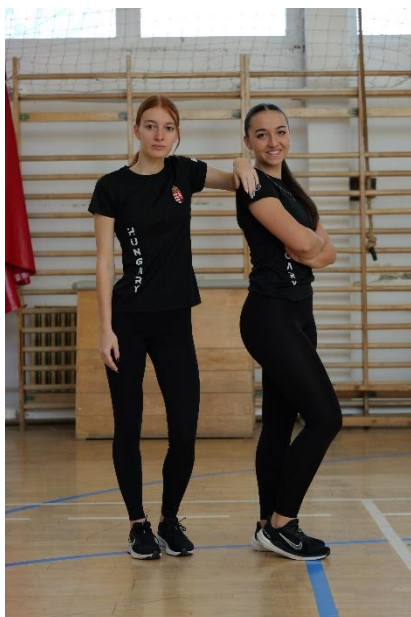

Pia and Semih are competing together for the first time in the ERSO Wheel Contest and want to show how strong their team spirit can be – despite

the ten-year age difference between them. They understand each other without words and now want to have a lot of fun on the battle floor with their experience and fresh drive in this exciting competition format

Hungary Spark (HUN1)

Gréta Zyelyke Mester & Anna Horváth

We have been competing in the same team for a long time, but this is the first time we get to show our skills as a pair in wheel contest.

During our practices/trainings, we tried to bring all the creativity and spark into the routine that make us truly unique.

Hungary Em&em's (HUN2)

Emese Uri & Emma Holló

Since we started practicing this event, we've always been each other's partners, so we consider ourselves a well-coordinated duo and we are excited to take on this new kind of challenge.

Hungary Spin Masters (HUN3)

Szabina Szalai & Dóra Pintér

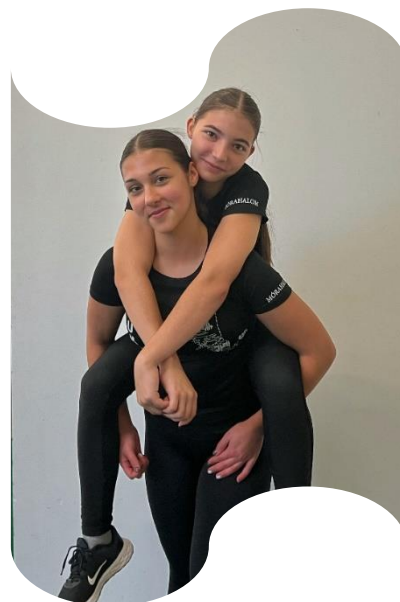

We are the Spin Masters – born to spin!

Passion and sport drive our every move.

We twist, we turn – the beat is our world,

The moment is our game!

Hungary Crazy Wheel (HUN4)

Sára Ábrahám & Szandra Szabó

We are Crazy Wheel, a team full of energy and passion for Chinese wheel.

With rhythm, teamwork, and a hint of craziness, we bring every routine to life.

Fast, focused, and unstoppable — that's Crazy Wheel!

Hungary Double Strike (HUN5)

Kitti Katona & Bence László Tóth

We are Double Strike, a real dream pair,
The road's not always smooth, some stripes appear. 🤖
We give it our all, not just halfway,
When we hit the stage, the vibe's here to stay!

Two different voices, but one shared goal,
When the rhythm starts, we're on a roll!
Smiles and energy — that's our secret,
We just enjoy the moment, and let the rhythm sing.

Switzerland Team Corina & Nadia (SUI1)

Corina Wettach & Nadia Kurmann

We've been jumping together for 20 years.

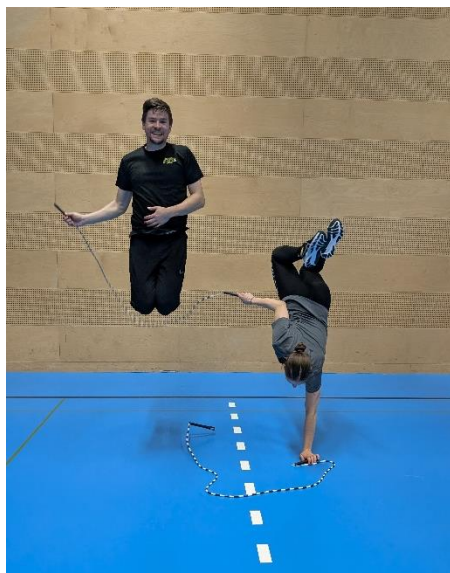

Drinking coffee before training is our ritual.

Switzerland Team Sandra & Martin (SUI2)

Sandra & Martin Angst

We are siblings.

Our talent lies in interpreting music, even if we don't always agree

**Good luck to all athletes.
Enjoy your time on stage!**
